EXPERIENCE

Insurance Australia Group

Jan 2023 – Present | IT & Ops Intern

- › Develop & maintain responsive web pages & components using HTML, CSS, and JavaScript.
- › Participate in Agile development processes, including daily stand-ups & sprint planning meetings.
- › Collaborate with UI/UX designers, content creators, product owners & full stack developers to implement updates & maintain NRMA website.
- › Manage website with CMS Drupal 7 & refactor legacy scripts in preparation for migration to Adobe Experience Manager.
- › Optimize website performance, such as code splitting, compression, & browser caching.
- › Conduct cross-browser & device testing for consistent presentation & functionality across different platforms & screen sizes.

Work-Related Project

Insurance Australia Limited (IAL) ↗

Independently modified the discontinued IAL brand's static website by learning Hugo, updating content, & managing deployment, ensuring continued support for existing customers.

PERSONAL PROJECTS

DeLetter ↗

Nov 22 | TypeScript React Firebase Authentication

An app service that helps professionals create demand letters quickly. Useful for automating debt collection.

Solar System ↗

Oct 22 | TypeScript Vue Sass CSS

An educational app teaching you about the Solar System. Built with a focus on design & CSS animations as well as a heavy use of Sass.

First Generation Pokedex ↗

Aug 22 | React Redux JS

Get to know more about the original 151 Pokemon here. With PokeAPI, use this search engine app to find data on your favourite Pokemon.

Photo Gallery ↗

Aug 22 | CSS HTML

Built out of CSS and HTML without JavaScript, this landing page features my travel photos in Indonesia.
